<b>Description</b>			
Dear Thanesh,			
We already configured "Disable Selling non Stock Product" on Order level. But system not checking the stock level after edit an order.			
Eg: Item EU19256 Stock Qty = 4pcs			
While creating an order we can't give Qty more than 4 Pcs. But once you checkout with 4 Pcs, and edit the order and you can give any of the Qty and complete it.

Its blocking in 70 when i checked.

testcase:

product name: L1 qty=10  
completed sale with 10 qty  
edited the order and changed qty to 15  
showing error: "The following items do not have sufficient stock in the selected warehouse to fulfill the sale order:  
1. Name: L1 in besto calicut Warehouse"  
please check the screenshot
