(3 rows)

Drill down page, the 2nd line was not showing as the qty received is greater than qty ordered

#2 - 09/27/2021 11:11 AM - Rijas P

As per checking, found PO Qty showing in Stock valuation is correct. Because we have received Qty more than PO Qty for Some Orders. So in stock valuation the exceed Qty is deducting in pending PO and it is working as expected in our case.
