Description

Dear Noufal,

We have multiple Uom conversions like Each, Lulu, Carton. All others multiply rate is 1 except Carton. The Uoms showing in the Stock take screen Should be Smallest Uom & Biggest Uom [Each & Carton/Carton1].

Now listing Uom Each & Lulu both are same multiple rate and we can't able to give a Carton Qty for these items.PFA

The Uom listing their should be base Uom [Each] & Uom with Multiply rate more than 1 [Carton]

Could you please fix this on immediate basis.

For a temporary solution, disabled all lulu and choithrams uom conversions

euro=# update c_uom_conversion set isactive='N',updated=now() where dividerate=1 and ad_client_id=1000000 and c_uom_to_id in (1010004,1010005) and isactive='Y' ;
UPDATE 6296

Dear Suhail,

Could you please enable the Uom Conversions which we disabled at the time of Stock take.

Done

euro=# update c_uom_conversion set isactive='Y' where dividerate=1 and ad_client_id=1000000 and c_uom_to_id in (1010004,1010005) and isactive='N';
UPDATE 6298

Please note that once the cursor at the biggest Qty [CTN], if we click on tab button the cusrsor should be pointed to the next field of Smallest uom [Each] instead of pointing on Barcode. Both Stock take & Stock adjustment screen
